

Victor A. Glazunov, Prof., Sc. D. (Engineering), Sc. D. (Philosophy), outstanding Russian mechanical engineer, well-known in international scientific community for his research in the field of machines and mechanisms theory and robotics. Director A. Blagonravov Mechanical Engineering Research Institute of the Russian Academy of Sciences (IMASH RAN); Professor, N. Bauman Moscow State Technological University (N. Bauman MGTU); Member of Technical Committee on Robotics at International Federation for Promotion of Machines and Mechanisms Science (IFTToMM);

Research interests: robotics, parallel structure spatial mechanisms, machines and mechanisms theory and control. He can be contacted through e-mail: Vaglznv@mail.ru
